LIST OF TABLES

	Page
Table 1. Classification of maturity stages from Kesteven (1960).	14
Table 2. Summary of catch and effort statistics for <u>A.sirm</u> fishery in Negombo area during 1984-1988.	26
Table 3. (a) Summary of the analysis of variance for the catch per unit effort at different levels of rainfall.	32
(b) Summary of the analysis of variance for the catch per unit effort at different phases of the moon.	33
(c) Summary of the analysis of variance for the catch per unit effort during the south west and north east monsoonal current periods.	34
Table 4. Results of the analysis of catch per unit effort and effort using Schaefer and Fox models.	36
Table 5. Length frequencies of <u>A.sirm</u> caught in the gill nets of different mesh sizes at Negombo.	37
Table 6. Results of the regression analysis between natural logarithms of relative catch ratios	39

against class mid points for A.sirm for different mesh combinations together with the values for standard deviations.

- |  |    |
|--|----|
| Table 7. Selectivity estimates for different mesh sizes.   | 40 |
| Table 8. Probabilities of capture of <u>A.sirm</u> for different mesh sizes.   | 41 |
| Table 9. Values for asymptotic length, growth coefficient, growth performance index, total and and fishing mortality coefficients and exploitation rates for <u>A.sirm</u> during Sep. 1984 - Aug. 1987. | 44 |
| Table 10. Sizes at recruitment of <u>A.sirm</u> in the coastal waters around Negombo, Sri Lanka.   | 49 |
| Table 11. Relationships between some morphometric parameters of <u>A.sirm</u> .  | 51 |
| Table 12. Results of the statistical analysis of male female ratios of rejected samples with half monthly data together with information on the proportion of mature/immature fish.                      | 55 |
| Table 13. The length ranges observed for different maturity stages of <u>A.sirm</u> .  | 56 |
| Table 14. The mean egg diameter frequency distributions of <u>A.sirm</u> of different maturity stages.   | 61 |
| Table 15. Egg diameter frequency distributions of  | 62 |

A.sirm after separation into their  
respective batches.

Table 16. Relationship between size and fecundity/  
relative fecundity of A.sirm. 65

LIST OF FIGURES

	Page
Fig. 1. The fish landing site and the adjacent fishing area.	11
Fig. 2. Morphometric parameters of <u>A.sirm</u> used in the present study.	13
Fig. 3. (a) Monthly variation of the production of <u>A.sirm</u> during the study period.	27
(b) Monthly variation of fishing effort in the <u>A.sirm</u> fishery during the study period.	28
(c) Monthly variation of catch per unit effort (CPUE) in the <u>A.sirm</u> fishery during the study period.	29
(d) Monthly variation of catch per unit effort (CPUE) in the <u>A.sirm</u> fishery and the amount of rainfall in Negombo area.	30
Fig. 4. Monthly length frequency distributions of <u>A.sirm</u> during the study period, with the estimated growth curves.	42
Fig. 5. The abundance of fish of different relative ages with the estimated length converted catch curves.	43
Fig. 6. Variation pattern of Relative Yield per	47

recruit with exploitation rate.

- Fig. 7. The recruitment pattern of A.sirm during the study period. 48
- Fig. 8. Length Weight relationship of A.sirm. 50
- Fig. 9. Percentage of mature individuals in each length group. 52
- Fig. 10. (a) Monthly variation of the percentage frequency of male:female of A.sirm. 53  
 (b) The variation pattern of the percentage frequency of male:female of A.sirm with size. 54
- Fig. 11. Variation of the gonad index of different maturity stages. 59
- Fig. 12. Monthly variation of the gonad index of A.sirm together with the monthly production variation for 1985. 60

LIST OF APPENDICES

	Page
Appendix I (a) Variation of monthly production during the period 1986 to 1988.	84
(b) Variation of monthly effort during the period 1986 to 1988.	85
(c) Variation of monthly CPUE during the period 1984 to 1988.	86
(d) Variation of monthly rainfall during the period 1984 to 1988.	87
Appendix II (a) Catch per unit effort values for different levels of rainfall.	88
(b) Catch per unit effort values for different phases of the moon.	89
Appendix III (a) Length frequency distribution of <u>A.sirm</u> from Negombo, during the period 1984/85.	90
(b) Length frequency distribution of <u>A.sirm</u> from Negombo, during the period 1985/86.	91
(c) Length frequency distribution of <u>A.sirm</u> from Negombo, during the period 1986/87.	92
